Manager Michael Johns

Manager - Michael Johns

Johns becomes the fourth manager in Hot Rods history, and is a fast-rising name in the Tampa Bay minor league managerial ranks. This will mark Johns' fifth season as a manager in the Rays system, and his seventh overall season as a staff member. He skippered short-season Hudson Valley to a 38-37 mark in 2013, and spent three seasons leading the Princeton Rays of the Appalachian League prior to his stint in the New York-Penn League. He finished with 99 wins in three seasons with Princeton. Before becoming a manager, Johns was a coach for the Renegades during the 2008 and 2009 seasons. As a player, Johns played his college baseball at Tulane and was a 19th round draft choice of the Colorado Rockies in the 1997 amateur draft. The Florida native spent two seasons in the Rockies chain, reaching Class-A Asheville before wrapping up his playing career in independent ball in 1999. He then spent eight seasons coaching high school baseball in Florida,

Pitching Coach - Bill Moloney

Moloney returns to Bowling Green after tutoring the pitchers in Port Charlotte in 2013. He has been a pitching coach in the Tampa Bay organization since 2007, and was in Bowling Green for the 2012 season. Moloney has been a pitching coach in the Tampa Bay Rays system since 2007, when he spent two seasons with the Columbus Catfish, the predecessor of the Hot Rods. In addition to Columbus, Charlotte, and Bowling Green, Moloney has also tutored the pitchers at Double-A Montgomery, having done so during the 2010 and 2011 seasons. The Massachusetts native was signed by the Boston Red Sox organization in 1979, and ascended as high as Triple-A Pawtucket. With the PawSox, Moloney made 98 career appearances over three seasons before retiring as a player in 1984.

He played collegiately at Alabama-Birmingham (UAB), and signed with Tampa Bay as a free agent out of college. His debut season featured an All-Star selection while he was with Princeton in 2000. Rules of Interest

QUALIFYING MARKS: To qualify for a minor league batting title, a player must have a minimum of 2.7 plate appearances per game (approximately 383 PA). To qualify for an earned run average title, a pitcher must have at least 0.8 innings pitched per game (approximately 114.0 IP).

DETERMINING BATTING AVERAGE: Divide the number of hits by the number of bats.

DETERMINING EARNED RUN AVERAGE: Divide the number of earned runs by innings pitched and multiply by nine.

DETERMINING A SAVE: A pitcher is credited with a save when he meets the following conditions:

1. He is the finishing pitcher in a game won by his club.
2. He is not the winning pitcher
3. He meets one of the following:
 - a. He enters the game with a lead of no more than three runs and pitches at least one inning; or
 - b. He enters the game with the potential tying run either on base, at bat, or on deck; or
 - c. He pitches effectively for at least three innings in relief.

DETERMINING SLUGGING PERCENTAGE: Divide the total bases of all hits by the total times at bat (at bats do not include walks, sacrifices, hit by pitches, or times awarded first base on interference or obstruction).

DETERMINING FIELDING PERCENTAGE: Divide the total number of putouts and assists by the total number of putouts, assists and errors.

DETERMINING THE MAGIC NUMBER: Divide the total number of games yet to be played, add one, then subtract the number of games ahead in the loss column of the standings from the closest opponent(s).

CONSECUTIVE GAME PLAYING STREAK: A playing streak shall be extended if the player plays during a half inning on defense, or if he completes a time at bat by reaching base or being put out. A pinch-running appearance shall not extend a streak. If a player is ejected from a game before he can comply with the requirements of this rule, his streak shall continue.

CONSECUTIVE GAME HITTING STREAK: A consecutive game hitting streak shall not be terminated in the plate appearance results in a base on balls, hit batsman, defensive indifference or a sacrifice bunt. A sacrifice fly shall terminate the streak.

MAJOR LEAGUE ROOKIE STATUS: Not more than 130 at bats or 50 innings pitched in the major leagues during a previous season or seasons, nor more than 45 days on a Major League roster during the 25-player limit

MAJOR LEAGUE TRADING REGULATIONS: The Major League non-waiver trade deadline is July 31st. Waivers are required for any inter-or intra-Major League assignment during the period beginning August 1st and ending at 5:00 PM (EDT) the day after the end of the season. During other months, no waivers are needed. The waiver periods are November 11th to the 30th day of the season; 31st day of the season to July 31st and August 1st to November 10th.

MINOR LEAGUE DISABLED LIST: A player being placed on the Disabled List in the Minors Leagues must be on that list for at least seven days. There is no length to which a player may be on that list, as long as it is no shorter than seven days.
